## Transformed: Week 4

From the rising of the sun to the place where it sets, the name of the LORD is to be praised.  
**Psalms 113:3**

---

- What or who are you worshipping?
- Has there been a time where God has shifted your perspective during a worship service?
- What is your comfort level with demonstrative worship?
- What can you do to start living a worshipful lifestyle?
- What is something that you are still struggling to surrender?
